DWELLING HOUSE BURGLARIES HELPFUL ADVICE

Although dwelling house burglaries are declining in many areas this is a good time to review security.

So encourage neighbours and help those who may feel vulnerable to do the same..

Start by looking at the outside of your home from all areas.

Keep gates closed whether you are at home or not.

Think about where delivery drivers can place parcels in secure places rather than leaving them at the front door.

Consider security cameras and alarms visible and looking functional.

Check any cars in your driveway are secure and there are no items on show inside when you are out ..

Are windows blanked out on sheds which contain gardening items ?

Finally leave lights on or radios (giving the impression people are at home) with 24 hour timers especially now then the evenings are getting darker
